

# Scratch Debugging Challenges

Name:

Class:

Tony has created the following code. Write in the box on the right what this code will do.

Original Code	What will this code do?
	

Gemma wanted the code to play the meow sound, then say "Hello" for 2 seconds and then finally move 10 steps when she clicks on the green flag. It doesn't seem to be working. In the second box, draw the correct code.

Original Code	Corrected Code
	

Download Scratch onto your home computer and experiment with the program and try to make your own animation. Save it and email it to your teacher as an attachment. If you cannot download the program onto a home computer, use one of the school's computers to create your animation.
