30th June 2023

Come As You Are, Leave As A Champion

Mrs Cartwright's Message

We begin our final three weeks at school and the children should now know who their teacher is next year. This can sometimes bring uncertainty or worry, so our transition days are an important time for children to learn more about their new teachers and the routines and expectations of their new year.

Each year, the expectations are raised, in order to prepare our children adequately for their journey on to high school. Although we will be sad to see our Year 6 children leave, we know that they are ready for the next phase of their lives.

Information packs will be provided on Arbor, following the transition days. The packs will have information regarding PE days, equipment requirements, trips planned across the year and estimated costs, special events across the school calendar and the school holiday dates.

A big thank you to our PTFA for their organisation of our after school summer fayre. The AGM will be held in September, should any new parents wish to attend and join our fantastic group of parents.

We wish Y6 good luck on their Laches Wood residential next week and we hope Y5 do a good job in taking on the responsibilities of Y6 in their absence.

JOKE OF THE WEEK!

What is a frog's favorite summertime treat?

Hopsicles!

The Wall of Recognition

Gardening Sessions

This week the children have dug up the potatoes that were planted at the start of our gardening sessions.

The kitchen turned these potatoes in to a beautiful potato salad for the children and staff to taste.

Here are the before and after photos.

DELICIOUS

Billie B - 2H

This week we have Billie.

Billie has successfully passed the trial session and is now a member of the Newcastle Staffs Swimming Club.

Well Done Billie!

POLITE PARKING

Once again we are having numerous reports of dangerous or inappropriate parking when children are being dropped off or collected from school.

We urge you to please park responsibly so that the local residents are safe and also the children who are arriving to and from school are also safe.

As a school we have been in contact with Staffordshire County Council and the Police for advice on supporting our parents and children.

If you see any problem parking please use the QR code below to report the issue.

PARKING**

"We all know that school drop off and pick up can have a huge impact on traffic and parking around schools and the surrounding area, and on air quality. Please consider parking just that little bit further out and walk the last section to your school. If you come across vehicles that are parked illegally you can follow this QR code to find the best place to report it. Keeping our children safe should be everyone's priority – be it through safe parking or safe from vehicle fumes."
